IV. SUPERINTENDENT'S REPORT

Associated Students Update

Associated Students President David Chun reported that the organization has achieved several major accomplishments in the past several months, including:

- A.S. has allocated \$100,000 for scholarships, most of it designated to help students, particularly students from underrepresented populations, to participate in SMC Study Abroad experiences. But scholarships are also available to such groups as outstanding student employees and disabled students.
- A.S. has subsidized the Big Blue Bus-SMC "Any Line, Any Time" program that allows SMC students and employees to ride any Big Blue Bus for free.
- A.S. has established a new board position, director of sustainability, who is working on a "zero waste" program for A.S. activities. The organization has also adopted a new policy on zero waste.
- A.S. has sponsored 30-plus events since the beginning of the school year, ranging from a Day of the Dead festival to free feasts.
- A.S. allocated \$60,000 for the campaign to support Measure AA, the \$295 million SMC bond measure passed by Santa Monica-Malibu voters in November 2008.

Accreditation/Statewide Issues

A federal government-initiated push for accountability in higher education has created a "troubling trend" in the California community colleges that have gone through accreditation in the past five years. The Western Association of Schools and Colleges, the accrediting agency for California's community colleges, has issued 41 formal sanctions. In the rest of the nation, five other accrediting commissions have issued sanctions to just 15 of 756 community colleges. The District will continue to monitor this trend.

Budget

The college is facing a gloomy budget picture because of the state budget crisis. Despite the state's recently enacted 2008-09 budget corrections and the 2009-10 budget bill, community colleges and state-funded institutions still face uncertainties because of several statewide ballot measures that go to voters in May. Depending on the outcome of the vote, the state's fiscal situation could change significantly, including a mandated state-spending cap. One bright light on the horizon is the recently passed federal stimulus package that is expected to generate \$5.5 billion to California for K-12 and higher education. However, it is not known how that money will trickle down because Governor Arnold Schwarzenegger has the discretion to disburse those funds as he sees fit.

Spring Semester

The current semester's enrollment is at an all-time high. The overall fill rate for classes is 91 percent, and faculty members were commended for accommodating more students than required by their contract. The college has been able to maintain costs by trimming some sections of some classes.

Expo Line

The college is continuing to monitor and take action on the proposed Exposition Corridor Transit Project Phase 2, a proposed commuter light-rail service from the Westside of Los Angeles to Santa Monica, including a stop near SMC, at 17th Street either at Olympic Boulevard or Colorado Avenue. The Board had directed that the college support the Colorado Avenue location, and the college has organized two rallies to support the light-rail extension service to Santa Monica – one at Tuesday's Santa Monica City Council meeting and one at a meeting of the Exposition Metro Line Construction Authority. Buses have been rented to transport as many as 100 students and faculty members to attend the meetings.

Big Blue Bus

Big Blue Bus officials have reported that since the spring semester began two weeks ago, ridership has reached a record high.

NOW THEREFORE in consideration of the mutual covenants and promises set forth herein, the parties agree as follows:
