V. SUPERINTENDENT'S REPORT

The Great California ShakeOut: Faculty, students and staff across all of SMC's campuses participated in the statewide earthquake drill – the Great California ShakeOut – on Thursday, October 16, 2014. Michael Tuitasi, Vice President of Student Services, reported that the drill went well, with all buildings evacuated within 15 minutes. A follow-up email survey gathered feedback from employees. 94 percent of those responding said that they got a message on their email and phone accounts. Also, suggestions were received for future improvements. The ShakeOut takes place on the third Thursday of every year, and the next one is scheduled for Thursday, October 15, 2015 at 10:15 am.

SMC Becomes First California Community College to Receive “Bronze” Bike-friendly University Award:

The college was recognized for its efforts to create a bike-friendly campus, with a Bronze-level Bicycle Friendly University award. This makes SMC the first community college to get this designation in California and one of the first in the nation. The award recognized the college's efforts, through its Center for Urban and Environmental Studies and the student-run Bicycle Club, to build a bike-friendly campus by offering organized rides, a mentoring program for new riders, a cash incentive program for employees who bike, walk, carpool or take transit, among others. Genevieve Bertone, Director of Sustainability and Vice-President Tuitasi recognized the efforts of SMC alum and 2013-2014 Bike Coordinator Cade Maldonado who led the initiative to apply for the award.

The Corsair Wins 16 Awards: SMC student newspaper *The Corsair* won 16 awards – including online General Excellence and four first place awards – at the 2014 Southern California convention of the Journalism Association of Community Colleges (JACC) held on the campus of California State University, Fullerton on October 17-18, 2014. Alci Rengifo, *Corsair* editor-in-chief, won two first place awards – one for column writing and another for news story and online editor Juan Lopez won a second and third place award, for feature photo and editorial cartoon respectively.

Executive Vice-President

Vice President Georgia Lorenz has met with the Academic Senate leadership, Academic Senate, the Career Technical Education (CTE) committee, the Curriculum committee, and the Instructional Chairs to discuss SB 850. Given the law requires that the degree program fulfills an unmet regional workforce need, possible majors/areas of study were discussed with the CTE Committee. All of the suggested majors are being vetted against the requirements of the law as well as SMC's capacity to make a viable proposal for a pilot degree program. A detailed update on the development of a baccalaureate degree proposal for SMC was provided at the meeting.
