RECOMMENDATION NO. 3

SUBJECT: **VOTING DELEGATES FOR ACCT LEADERSHIP CONGRESS**

SUBMITTED BY: Chair and Vice-Chair, Board of Trustees

REQUESTED ACTION: It is recommended that the Board of Trustees select two voting delegates for the Annual Association of Community College Trustees (ACCT) Leadership Congress, October 14-17, 2015 in San Diego, California.

SUMMARY: Santa Monica College is entitled to two votes during the ACCT Leadership Congress. Five trustees will be attending the Congress: Susan Aminoff, Nancy Greenstein, Louise Jaffe, Barry Snell and Andrew Walzer.

The delegates should commit to attend two different sessions to vote:

- Thursday, October 15, Regional Caucuses and Meetings 2-3:30 p.m.
Delegates will elect one candidate to represent the Pacific Region on the Diversity Committee. Unfortunately, California has three candidates running for this one position: Judy Chen Haggerty (Mt. San Antonio), John Marquez (Contra Costa), and Michael Pasquale (Yuba). Tessa James Scheller from Oregon is also running for this position.
- Friday, October 16, ACCT Senate Meeting, 8:30-10:30 a.m.
Delegates will elect Directors-at-Large. Delegates from all over the country vote for these positions. California has two candidates running for different seats. Stephan Castellanos (San Joaquin Delta) is running to complete a term and Bernie Rhinerson (San Diego) is running for a full three-year term. Four candidates from other states also seek these positions.

SUBJECT: **ACCEPTANCE OF GRANT - MINORITY COMMUNITY COLLEGE CURRICULUM IMPROVEMENT (MC3I) PROGRAM**

SUBMITTED BY: Superintendent/President

REQUESTED ACTION: It is recommended that the Board of Trustees accept the following grant:

TITLE OF GRANT: **Minority Community College Curriculum Improvement (MC3I) Program**
 Granting Agency: NASA
 Award Amount: \$750,000 over three years (\$250,000 per year)
 Matching Funds: N/A
 Performance Period: October 1, 2015 through September 30, 2018

SUMMARY: Santa Monica College's MC3I project, entitled Building Interdisciplinary Career Skills in STEM, will strengthen STEM curriculum at Santa Monica College through an interdisciplinary approach involving all five STEM departments on campus, including Earth, Physical, and Life Science, Computer Science and Information Systems, and Mathematics. The project will include four distinct approaches that will impact student access, skill development, persistence/completion, and employment. Specifically, this project will:

- 1) Improve student success in math through the increased use of contextualized instruction (Access);
- 2) Improve student acquisition of essential STEM skills regardless of major through greater interdisciplinary collaboration (Skill Development);
- 3) Increase student engagement in STEM through the increased use of applied learning activities (Persistence/Completion); and
- 4) Increase student exposure to and interest in NASA-related research and careers through expanded partnerships with four-year universities and employment, specifically Jet Propulsion Laboratory (Employment).

BOARD OF TRUSTEES	INFORMATION
Santa Monica Community College District	October 6, 2015

INFORMATION ITEM 9

SUBJECT: **SUPERINTENDENT/PRESIDENT SEARCH PROCESS UPDATE**

SUBMITTED BY: Ralph Andersen & Associates

Outlined below for the Board's information is a summary of the search process to date and an overview of upcoming activities in the Superintendent/President Search process.

Recruitment Efforts

Recruitment efforts since the last update continued in both the educational and non-educational sectors, with increased intensity up through September 21st - the deadline for priority consideration. The consultant team followed up on several new leads, as well as former leads, to pique interest and move prospective candidates from undecided to a commitment to apply. One-on-one conversations were conducted to answer questions, address concerns, and highlight opportunities of the Superintendent/President of Santa Monica College position for 2016 and beyond.

Applicant Pool

The deadline for priority consideration was 4:00 pm September 21, 2015. The Consultant team reviewed all applications in preparation for paper screening by the Search Committee. A total of 67 applications were received, of which 49 were complete and met the minimum qualifications in the position announcement. The applicant pool contains a mix of traditional and non-traditional candidates, including sitting college and university Presidents, Vice Presidents, Provosts, Vice Chancellors, and a wide diversity of experienced professionals from both within and outside of education. Applicants come from California, 11 other states, and several from out of country. All applicants meeting minimum qualifications have been forwarded to the Search Committee for its review, and are also available for review by those Trustees who so desire.

Search Committee Activities

The first meeting of the Search Committee was held September 17, 2015. All committee members were in attendance. The committee received Equal Employment Opportunity (EEO) Training (conducted by the District), signed confidentiality agreements, reviewed the search process and timeline, and was briefed on the status of recruitment efforts. The need for strict confidentiality, open-mindedness, and a fair/impartial review of the applicants was stressed. All committee members agreed to uphold the Ground Rules, and each member signed a confidentiality statement.

Both staff and community member representatives expressed concern that the Board has reserved the right to interview applicants from the pool that have not been forwarded by the Search Committee. Committee members felt that this sends a message that the Board does not trust its appointed Search Committee to do its job, and asked that this concern be conveyed to the Board. The committee does understand that this is the Board's right, and is proceeding diligently with its work. The committee wants to assure the Board that it is committed to conducting a comprehensive, open-minded, and fair review of each and every qualified applicant.

Following the review of materials and EEO training, the Search Committee identified both interview questions and oral presentations for the Semi-finalist interviews. Preparing the slate of questions and presentations to be asked of all Semi-finalists, prior to the committee reviewing applications, provides yet one more safeguard against personal bias in the review process.

Upcoming Activities

As per its charge by the Board of Trustees, the Search Committee began its paper screening of qualified applicants on September 29th. This review will conclude October 7, 2015.

The next meeting of the Search Committee is October 14, 2015, at which time the committee will discuss its findings and deliberate to select semi-finalists to be invited for interview.

The Search Committee will conduct semi-final interviews on October 29-30, 2015. Following the interviews, a minimum of three finalists will be forwarded to the Board of Trustees for consideration. Greater than three finalists may be forwarded if deemed appropriate by the Search Committee.

Campus meetings, open forums, and interviews by the Board remain scheduled for November 12-13, 2015, with Board deliberation on finalists scheduled for the Special Board Meeting to be held November 17, 2015.

Following contract negotiations, it is anticipated that Board appointment will take place at the December 1, 2015 regular Board Meeting. The start date for the new Superintendent/President will be negotiated, and is expected for January 1, 2016 or thereafter.

Board Updates

Regular updates will continue to be provided to the Board of Trustees throughout the process, including a summary of the Search Committee's work. A summary of the Search Process timetable and upcoming activities is provided below for ease of reference.

Ralph Andersen & Associates continues its commitment to a comprehensive, high-quality search process, including a comprehensive, non-discriminatory, and fair screening process to present highly qualified candidates with a passion for education for the Board to consider in its selection of the next Superintendent/President of the Santa Monica College District.

- Raise and expend monies for the general welfare of the students, staff, faculty and programs of Santa Monica College and its entities;
- Receive gifts, bequests or devise either outright or as trustee or beneficiary of a trust; to hold, transfer, buy sell, invest or reinvest real property, cash, stocks and bonds and all other evidences of value.

VISION

The vision of the SMC Foundation is to be a preeminent community college foundation reflecting the value and economy of our creative community and greater Los Angeles, California.

MOTTO

Where Optimism Lives

REFLECT. The top of the 2014-15 academic year was populated with immediate administrative changes that required the Foundation to reflect and restructure. Thanks to a deeply committed Board of Directors and new, interim leadership, the Foundation quickly resurfaced as a source of support, fundraising and community outreach. This report will feature various touch points of Foundation integration, brand elevation and engagement while simultaneously stabilizing its position as a valuable resource to SMC.

The Foundation continues to gain the trust and confidence of faculty and administration due to our consistent actions and visibility. The conversation has shifted from doubt and despair to reliable, refreshed and collaborative at its core. It's important to recognize this growth for without the acknowledgment, we cannot see our potential and growth.

The Foundation is on the right course for success and steady growth. Where it once lacked processes and protocol, we are on point and working through constant refinement of our operating systems. We are – for the first time in three years – on task and calendar with all governance related matters. Our bylaws are sound, in compliance and adhere to their intent with regularity.

Thanks to Board of Director's leadership and commitment, we're constantly examining best practices. In an effort to assure that the Foundation's business assets and practices are sound, we are in the midst of reviewing our investment banking firm as well as our auditing services. A formal RFP process is currently underway, with the CFO and finance committee leading these efforts. We've brought new, engaged leadership onto the Board with members actively participating in their revised role as fundraising Directors. New staff has been added to deliver a first-rate outcome of services to our clientele – students, programs, donors, alike.

OVERARCHING FOUNDATION GOALS

- Increase Student Equity *by providing more scholarships and program support*
- Ensure Best In Class Education *through endowed faculty chairs/departments*
- Eliminate Dependency on Reserve *by increasing annual fund revenue*

FINANCIALS

As of June 30, 2015, the SMC Foundation had assets of approximately \$21,000,000. The majority of these assets are restricted.

As mentioned earlier, the 2014-15 fiscal year was a time of transition, rebuilding of infrastructure and goal setting, which has positioned the Foundation successfully to move forward and meet the financial needs of the organization's health as well as strengthening its assistance to the College. Total contributions for FY15 was \$1,185,851, and while slightly less than FY14 (\$1,419,696), the momentum established in the latter half of the fiscal year has continued into this current fiscal year, receiving over \$248,000 in scholarship contributions in this first quarter of FY16 alone.

In addition, the SMC Foundation Board of Directors has approved a budget that incorporates the fundraising objectives previously touched upon, while increasing its financial commitment to the College for scholarships, faculty grants and student programming. Total programming support for the past three years is listed below:

Fiscal Year	Scholarships	Other Programs	Total Distributions
FY 2013	\$ 660,896	\$ 937,901	\$ 1,598,797
FY 2014	698,632	944,394	1,643,026
FY 2015	820,515	829,181	1,649,699

OUR IMPACT: SCHOLARSHIPS AND GRANTS

For Students. Over the 2014-15 academic year, SMCF distributed in excess of \$909,000 in student direct impact through scholarships including Global Studies, Young Collegians, President's Ambassadors and Dale Ride internships. Support for the same fiscal year exceeded \$633,000 for student-centric programs including the Veterans' Resource Center, the Public Policy Institute, Emeritus College, and the Alumni Program to name a few.

For Faculty. The Foundation expanded the President's Circle Award for Innovation & Progress to two departments for the 2015-16 cycle. The Design Technology department received a grant for \$18,000 to train professors to become certified Avid and ProTools instructors and qualify SMC as an *Avid Learning Partner (ALP)*. The second grant was awarded to the Forum for Cultural Diversity in the Sciences. A group of physical and life sciences professors partnered with the STEM Initiative and the student support programs – Adelante and Black Collegians – to receive a \$15,000 grant to build cultural awareness among science faculty.

The Foundation also named Physical Sciences professor Dr. James Murphy as the winner of the Northrup Grumman and Marvin Elkin Chair of Excellence Award in Physical Sciences. Dr. Murphy will use the \$15,000 award over a period of three years to lead independent studies and other extra-curricular projects where students will build – and characterize – hydrogen fuel cells, which have been used in the space program and also in energy-efficient automobiles.

Thirteen Margin of Excellence mini-grants were awarded in varying amounts totaling \$43,513. The awards served the following areas of study and support: Art, Business, Dance, Disabled Students Center, Earth Sciences, History, Life Sciences, Physical Sciences, and Math departments, as well as the Library and the Career Technical Education division. In 2014-15, the Chairs of Excellence Grant and the Margins of Excellence grants distributed totaled \$106,572.

Program Support & Outreach. The new Foundation team has actively worked to serve as both a resource and service center, assisting in the efforts of many programs across campus. The partnership with various faculty and program leads has proven mutually beneficial by providing access and financial support while deepening the rapport between the advancement arm of the college and its constituents. The Foundation team includes Interim Dean of Institutional Advancement Lizzy Moore, Associate Director/CFO Chip Potts, Development Director John Stanwyck, Operations & Project Manager Agnes Lupa, Database & Project Manager Raquel Castellanos, Administrative Assistant Moni Akiwowo, and Mayra Islas, our rock star student worker. Below is a partial list of programs the Foundation supported.

- **Applied Music Program.** In an effort to increase profile and interest prior to the joint SMC Opera-SMC Chamber Choir production of Purcell's "Dido and Aeneas," the Foundation hosted a *friendraiser* for the applied music program. The cocktail reception at the private home of board member Mark Ivener included several student performances and garnered tremendous interest and intrigue from potential new donors. Additionally, the Foundation provided financial support and marketing services to the spring production.
- **Associated Students** and the Foundation engaged in a partnership, when AS was faced with logistical challenges. As one of two sponsors for this past April's Consent Month activities, the Foundation was responsible for securing the finale film screening of *The Hunting Grounds*. In addition, the film's director and producer spoke to hundreds of students at the Broad Stage.
- **IXD Baccalaureate Degree.** With an influx of support from companies that included Universal Pictures, Partners Trust, Sony Pictures Entertainment, Paramount Studios, Warner Bros. Studios and others, the Foundation played a key role in solidifying letters of support from president level executives, expressing their backing and endorsement of the Bachelor's Degree in Interaction Design. These efforts were replicated in a second round of concentrated support to help cement SMC's position with the state.
- **Center for Teaching Excellence** was responsible for bringing forward the keynote speaker for the district wide professional development day. The Foundation partnered with the Center to host a VIP reception for Dr. Pedro Noguera and other notable SMC guests. The Center's Faculty Summer Institute received a Margins of Excellence grant to support its auxiliary efforts. In September, the Foundation invited Dr. Roberto Gonzalez and Edna Chavarry to present the CTE program to the Board, which garnered an additional financial contribution by a board member compelled to support the program's efforts.

- **Emeritus College** celebrated its 40th Anniversary this year. The Foundation worked closely with the Emeritus administration to design a robust schedule of events across the month of May. Both in-kind and cash sponsorship were secured. A successful outreach campaign coupled with ongoing efforts brought the total raised to more than \$187,000 in 2014-15. We also produced the annual 250 Club luncheon, to recognize Emeritus donors. Our efforts moving forward will include a new marketing campaign, fundraising integration, and steps to develop a robust planned giving program.
- **Film Production.** The Foundation has been deeply committed to the film production program providing grants and scholarships totaling \$45,152 since its inception in FY12. This past year, we were called upon to provide funding and resources to enable student participation in an international film festival. Additionally, the Foundation subsidized the final editing process for a student film project in order for it to meet deadlines and eligibility for festival consideration.
- **Guardian Scholars.** Following a successful holiday partnership with Whole Foods Market courtesy of the Foundation, we again partnered to produce the first *Guardian Scholar's Resource Fair*. The program included visits from the S. Mark Taper Foundation leadership as well as representatives from Senator Ben Allen's office. The program received an S. Mark Taper grant for \$40,000, an effort led by the Foundation.
- **New Faculty Reception.** The Foundation hosted a welcome reception for all new full time faculty, their mentors and other SMC key leaders. The successful event was designed to engage new faculty with their assigned veteran mentors and introduce them to the Foundation's resources.
- **Public Policy Institute.** The Public Policy Institute and the Foundation partnered for this year's annual symposium. In our role, we helped to re-brand the program, adding a new vitality to the schedule of events. We leveraged our resources to secure relevant panelists, content and partnerships, positioning the events as a portal for fundraising activity in the future. The Foundation was responsible for securing two films, several panelists including the film's producers and director, and for mounting a social media campaign to interface with the program's first live stream, which included tweets from Maria Shriver. The integrated live stream of the symposium's capstone event on PPI's homepage was sent across the nation to over 200 public and private universities and colleges that offer Public Policy programs. The content is permanently available for viewing on SMC's YouTube channel.
- **Scholarship Ceremony.** Each year, the Foundation produces and hosts the scholarship ceremony and post reception, serving 1,000 attendees including 450 student scholarship recipients. Noteworthy to this year, we secured Coffee Bean & Tea Leaf to sponsor and cover the major costs of the event.
- **VIP Welcome Day.** Since 2004, the Foundation has provided financial support totaling \$60,000 to this event for first year students. For FY15, in addition to the funding, the Foundation authentically integrated with the festivities, hosting a booth and connecting with students and their families.

President's Circle Campaign. The Foundation was charged with rebranding some of its existing programs as well as inventing ways to engage in meaningful dialogue with donors interested in an annual fund campaign. Today, we have newly designed materials for the President's Circle, with a new tier of giving connecting the donor directly to understand their gift impact.

Where Giving Meets Gratitude. The Foundation has launched an effort to authentically thank its donors – aptly named *Campaign Gratitude*. The emphasis of this outreach includes a multipronged approach to express our deep appreciation by informing the donors of our recent distribution of funds through a customized report card and accompanying letter from the Foundation Chair and interim President. Part two of the campaign will hit donors in October, where they will receive a special gift courtesy of SMCF and KCRW: Each donor who contributed at least \$100 or more in FY15 will receive a 12 month subscription to KCRW's fringe benefit program. The final phase will include a holiday greeting capturing the most important voice: The students.

Public Policy Institute Brochure. Since the inception of the Public Policy Institute at SMC, there's been a need to develop and design a marketing piece for a robust giving campaign – one that captures the essence of the program while illuminating the possibilities with a potential donor. The Foundation has taken the lead to develop these materials from concept to completion.

Media and Design Campus Campaign Material. A capital campaign starts with a vision to fund a major project. That vision has been underway on the new campus where the design technology department among others will call home. The Foundation has been tasked with producing the marketing piece as a first step to a capital campaign.

Social Media/Online Integration. The Foundation continues to step up its efforts to increase its visibility, online voice, and integrated effort cohesively with SMC's online presence. The Foundation has worked closely with SMC leadership from various departments including Community and Academic Relations and Public Information Office to synchronize the online marketing efforts. Example outlined below:

- *Art's Table:* The Foundation and Santa Monica based restaurant Art's Table (named after long time SMC historian and professor Art Verge) promoted a multi-holiday weekend fundraiser for Father's Day and Labor Day. The beneficiary: *The Art Verge Study Abroad Scholarship* at SMC. The event was publicized via SMC press release, social media, local papers and banners, linking to the SMC Foundation donation page.

Stewardship of Community Giving. This year, the Foundation helped several families memorialize loved ones that they have recently lost, through specially named scholarship and program funds. As such, we created online donation portals that the families were able to pass on to friends and family members who wanted to contribute in memory of these individuals. Examples include:

- Noah Dewitt Fund benefitting the Early Childhood Education Center
- Judge David B. Finkel Social Justice Scholarship
- Sarah Stegman-Wise Scholarship for STEM

ADVANCEMENT GOALS

Board Dues & Membership: The Board of Directors adopted a *give and get* contribution policy, whereby all new members are asked to contribute \$5,000 and to raise an additional \$5,000. In FY15, we added two new board members with the goal of increasing the board size from 13 to 17 members by the end of FY16.

President's Circle Membership: This category of unrestricted funds provide the greatest latitude for annual contributions to various programs and fulfilling student needs. Over the past eight years, there has been a significant decline in President's Circle membership. We have actively adopted the goal to restore membership levels, raising the number from 36 to 70 by the end of FY16.

Corporate Sponsorship: With a conscious understanding and collaborative approach, the Foundation intends on leveraging various events to raise \$65,000 by the end of FY16, targeting local small businesses and corporations.

Major Gifts: The abundance of outstanding academic and student support programs are the means by which we believe we can attract donors to SMC. The goal is to raise \$150,000 to support these efforts over the next 12 months.

Lower Level Giving: The SMC Associates Program is the perfect portal to engage our community members with a price point that is both affordable and comes with a direct outcome of goods and services. The Foundation is working with the program to identify ways to increase membership in this outstanding program that provides direct consumer impact. Our goal is to increase new donors for lower level giving by 20 percent.
