10-L PURCHASING

Requested by: Nyla Cotton, Director, Procurement, Contracts and Logistics
 Kim Tran, Chief Director, Business Services
Approved by: Christopher Bonvenuto, Vice-President, Business and Administration

The annual award of competitive and piggyback contracts bid through various state and local agencies allows SMC to leverage buying power through strategic sourcing and achieved commodity and services as well as reduce administrative cost. These indirect (MRO) contracts are targeted to the products and services which SMC routinely purchases. Leveraging the aggregate buying power and strategic sourcing is a process that moves SMC away from numerous individual procurements to a broader aggregate approach, allowing SMC to achieve savings ranging from 20 to 65 percent.
