Organizational Functions

BOARD OF TRUSTEES	REGULAR MEETING
SANTA MONICA COMMUNITY COLLEGE DISTRICT	July 6, 2005

IV. SUPERINTENDENT'S REPORT

- Celebrate America: Thanks to all campus personnel who contributed to this popular and successful community event - in particular, grounds crew, custodians, campus police, parking security officers, events staff and the many volunteers.
- Accreditation: Santa Monica College received a letter from the Accrediting Commission stating that they reviewed and accepted the Santa Monica College's progress report by the visiting team. The college's next task will be the mid-term report in March, 2007, which follows the normal accreditation cycle.
- Management Association Update/Classified Staff Recognition Award: Marge Windish, Department Secretary I in the Music Department was presented the Classified Staff Recognition Award for July by SMC Management Association President Katharine Muller. The newly elected officers for 2005-06 are Katharine Muller, President; Teresita Rodriguez, Vice-President; Lin Caldwell, Treasurer; and Lisa Rose, Secretary.
- Enrollment Update: Enrollment is down 145 FTEs from summer 2004 and there is concern about the plan to borrow FTEs from summer to meet enrollment restoration. There is hope that opening the Bundy campus and dual enrollment will increase FTEs for summer. Strategies to increase enrollment include following up with applicants who have not enrolled and working with out-of-state students to apply and enroll on line.
- Budget Update: The budget includes \$30 million for equalization, the restoration of Partnership for Excellence funds, \$33 million backfill for 2003-04 property tax shortfall, \$10 million of one-time to pay back log of mandated costs. 4.3 percent cost of living; 3 percent growth; and the state will not shift the state STRS contribution to districts.

RECOMMENDATION NO. 18 2005-2006 SABBATICALS

It is recommended that the Board of Trustees approve one-semester sabbaticals for the following full-time faculty for 2005-2006:

- Marilyn Adler, Health Science (Spring 2006): The scope of Professor Adler's leave includes professional development and formal study at the Clayton College of Natural Health. Professor Adler will pursue a Natural Wellness Certificate and develop a course that explores Alternative Health Modalities among Diverse Populations.
- Jan Austin, Earth Sciences (Spring 2006): Professor Austin proposes a program of research with the intent of developing a paper for possible publication in the Journal of Human Evolution or others. She will also convert several lab courses and develop a lecture series for Anthropology 9.
- Suzanne Borgehei, History (Spring 2006): Professor Borgehei proposes a program of independent research and field study. She will use material gathered during travel to the Midwest, Northeast and Lower South regions of the United States to revise several history classes and her class syllabi and create visual materials to illustrate lectures.
- Suellen Gauld, Earth Science (Fall 2005): Professor Gauld will engage in research and field study at a prehistoric site in Turkey called Domuztepe and use this research to prepare two research papers. She will also participate in a symposium on skull modifications and mortuary practices at the Annual Conference of the Association of European Archaeologists.
- Christine Holmgren, Philosophy (Spring 2006): Professor Holmgren will enroll in classes at several colleges and universities in Boulder, Colorado including the University of Colorado's Peace and Conflict Studies program and the Shambhala School of Buddhist Studies. She will use these studies to enhance the curriculum of the new Philosophy course, "Nonviolent Resistance: A Historical and Philosophical Examination."
- Anne Marie Karlsen, Art (Fall 2005): Professor Karlsen has been awarded an Artist in Residence Fellowship at the Salzburg Kunstlerhaus in Salzburg, Austria. During the Fellowship, she will establish connections with artists and art professionals affiliated with the Kunstlerhouse and other art institutions in Austria. She will also create 15 artworks while in residence.
- Lesley Kawaguchi, History (Spring 2006): Through professional development and field study, Professor Kawaguchi proposes to gather historical materials that document the existence of and changes in ethnic and racial communities in the Los Angeles Area. She will incorporate the materials she documents in several History courses.

- Peter Morse, Physical Sciences (Fall 2005): Professor Morse proposes to revamp the conceptual physics program through partnerships with SMC's Education Department and teacher training programs at local four-year institutions; change the pedagogy of the conceptual physics course to better meet the needs of students, especially those who are future teachers; and develop physical resources and mentoring services for part-time instructors teaching in the program.

Comment: The Joint Academic Senate Sabbaticals/Fellowships Committee is recommending that the Board of Trustees approve the sabbaticals listed above. The collective bargaining contract with the Faculty Association requires the District to fund the equivalent of eight semesters of sabbaticals each academic year.

RECOMMENDATION NO. 20

RESOLUTION AUTHORIZING ISSUANCE OF NOT TO EXCEED \$90,000,000 OF SANTA MONICA COMMUNITY COLLEGE DISTRICT GENERAL OBLIGATION BONDS, 2002 ELECTION, 2005 SERIES C AND ORDERING CERTAIN ACTIONS IN CONNECTION THEREWITH

A M E N D E D

WHEREAS, the issuance of not to exceed \$160,000,000 aggregate principal amount of general obligation bonds (the "Authorization") of the Santa Monica Community College District (the "District"), County of Los Angeles (the "County"), State of California, was authorized at an election (the "Election") held in said District on March 5, 2002, the proceeds of which are to be used for the financing and refinancing of construction, equipping, furnishing and improvement of certain specified capital facilities of the District; and

WHEREAS, the Registrar-Recorder of the County has certified to the effect that the official canvass of returns for the Election reflected that more than fifty-five percent (55%) of the votes cast on the District's bond measure submitted to the voters at the Election (the "Measure") were cast in favor of the Measure, and such result has been entered in the minutes of this Board of Trustees (the "District Board"); and

WHEREAS, Section 15140 of the Education Code of the State of California authorizes the Board of Supervisors of the County (the "County Board") to borrow funds through the issuance of bonds in the name and on behalf of the District, pursuant to a resolution adopted by the District; and

WHEREAS, \$46,999,971.25 aggregate principal amount of general obligation bonds under the Authorization have heretofore been issued in two prior series of bonds by the County Board on behalf of the District; and

WHEREAS, it now appears to this District Board that financial market conditions are favorable for the issuance and sale of not to exceed **\$90,000,000** in one or more series of bonds of the Authorization to be used for the financing of construction, equipping, furnishing and improvement of certain capital facilities and the refinancing of certain real property acquisition and improvements as permitted in the official Project List of the District approved at the Election; and

WHEREAS, this District Board hereby determines that such bonds should be offered at this time, in one or more series, and requests the County Board to offer such bonds for sale;

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees of the Santa Monica Community College District as follows:

Section 1. This District Board hereby determines that general obligation bonds of the District in the aggregate principal or issue amount of not to exceed **\$90,000,000** (the "Bonds") be offered for sale, in one or more series, the proceeds of which are to be used for financing the construction, equipping, furnishing and improvement of

certain capital facilities and the refinancing of certain real property acquisition and improvements of the District as permitted in the official Project List of the District approved at the Election.

Section 2. For the above purposes, this District Board hereby requests the County Board to issue the Bonds and to order such Bonds to be sold to RBC Dain Rauscher, Inc, as the Underwriter, at a negotiated sale in accordance with a Contract of Purchase to be prepared and entered into by and among the District, the County and the Underwriter in connection with the sale of the Bonds, substantially in the form submitted to and considered by this Board (the "Contract of Purchase"). The Bonds will be issued at a true interest cost not to exceed 8% per annum and shall not exceed 25 years in maturity from their date of issuance. The form of Contract of Purchase on file with the District Board is hereby approved and the Interim Superintendent/President of the District, its Vice President, Business & Administration or any designee of either thereof (each, an "Authorized Officer,"), and each of them is hereby authorized to execute the Contract of Purchase, with such changes therein, deletions therefrom and modifications thereto as such Authorized Officer may approve, such approval to be conclusively evidenced by the execution and delivery thereof. The District has instructed the Underwriter to establish the terms, series, interest structure and redemption provisions for the Bonds in order to take advantage of financial market conditions prevailing at the date of sale of the Bonds under the Contract of Purchase. Depending upon market conditions, the District may elect to purchase bond insurance to secure the payment of principal of and interest on or accreted value of the Bonds, or any portion thereof.

Section 3. The District Board hereby approves the use by the Underwriter of a Preliminary Official Statement relating to the Bonds, substantially in the form submitted to and considered by this District Board (the "Preliminary Official Statement") and following pricing, an Official Statement in connection with the sale of the Bonds (the "Official Statement"), in each case with such changes as may be approved by the Authorized Officer and such other officers of the District as may be authorized by the District Board are, and each of them acting alone hereby is, authorized to deliver copies of the Preliminary Official Statement and the Official Statement with such changes therein as such Authorized Officer shall approve, in his or her discretion, as being in the best interests of the District. Upon the approval of such changes by such Authorized Officer, the Preliminary Official Statement shall be "deemed final" as of its date except for the omission of certain information as provided in and pursuant to Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended (the "Rule"). The Authorized Officer is hereby authorized and directed to execute such Official Statement with such changes therein, deletions therefrom and modifications thereto as such Authorized Officer may approve, such approval to be conclusively evidenced by the execution and delivery thereof.

Section 4. The Bonds shall be issued in book-entry only form, to be lodged with The Depository Trust Company ("DTC") in New York, New York, which shall be the registered owner of the Bonds issued at the closing in the form of a single certificated Bond for each maturity within a series of the Bonds described in the Contract of Purchase. The Underwriter is directed to assist the District and the County in qualifying the Bonds for deposit with DTC.

Section 5. Unless the Treasurer and Tax Collector of the County (the "Treasurer") shall appoint a commercial bank as paying agent in connection with the closing of the Bonds, the Treasurer shall serve as Paying Agent for the Bonds, the first annual fees for which shall be paid from proceeds of the Bonds; subsequent annual fees shall be paid from ad valorem property tax levies within the District.

Section 6. The District Board hereby confirms the designation of RBC Dain Rauscher, Inc. as Underwriter and the law firm of

Fulbright & Jaworski L.L.P., Los Angeles, California, as Bond Counsel to the District in connection with the authorization and issuance of the Bonds.

Section 7. The District hereby covenants that it shall not, directly or indirectly, use or permit the use of any proceeds of any of the Bonds, or of any of the property financed or refinanced with the proceeds of the Bonds, or other funds of the District, or take or omit to take any action that would cause the Bonds to be deemed "arbitrage bonds" within the meaning of Section 148 of the Internal Revenue Code of 1986, as amended (the "Code"). To that end, the District shall comply with all requirements of Section 148 of the Code and all regulations of the United States Department of the Treasury promulgated thereunder to the extent that such requirements are in effect and applicable to the Bonds.

Section 8. The District Board determines that all acts and conditions necessary to be performed by the District Board or to have been met precedent to and in the issuing and sale of the Bonds in order to make them the legal, valid and binding general obligations of the District have been performed and have been met, or will at the time of delivery of the Bonds have been performed and met, in regular and due form as required by law; and that no statutory or Constitutional limitation of indebtedness or taxation will have been exceeded in the issuance of the Bonds.

Section 9. The form of Continuing Disclosure Undertaking on file with the District Board prepared in connection with the Bonds and to be dated the date of sale of the Bonds, for the benefit of the registered owners from time to time of the Bonds (the "Owners") is hereby approved and the District Board hereby authorizes the Authorized Officer to execute such Continuing Disclosure Undertaking with such changes therein as may be approved by the Authorized Officer. The District hereby covenants and agrees that it will comply with and carry out all of the provisions of such Continuing Disclosure Undertaking in order to assist the Underwriter to comply with the requirements of the Rule. Any Owner may take such actions as may be necessary and appropriate, including seeking mandamus or specific performance by court order, to cause the District to comply with its obligations under this Section; however, noncompliance with this Section shall not constitute a default under or cause the acceleration of the Bonds.

Section 10. Should the Authorized Officer, upon consultation and advice of the Underwriter, determine it is in the best interests of the District to obtain credit enhancement for the Bonds, including municipal bond insurance, to improve their marketability, the Authorized Officer is hereby authorized and directed to sign documents to secure such credit enhancement on such terms and subject to such conditions as may be established by the Authorized Officer, in agreements relating to such credit enhancement.

Section 11. The County Board is hereby requested to assist the District in the issuance and sale of the Bonds; in order to meet the requirements of law and the procedures of the County with respect to such a request, the Clerk of the District Board is hereby directed to lodge a certified copy of this Resolution with the Clerk of the County Board and with the Superintendent of Schools of the County promptly following adoption hereof, and the District represents and warrants to the County that annual administrative expenses associated with the Bonds at the time outstanding shall be the sole responsibility of the District and the District shall reimburse the County's costs and expenses incurred in connection with the issuance and sale of the Bonds. The Bonds are the general obligations of the District secured by tax levies and do not constitute an obligation of the County except as set forth in the resolution to be adopted by the County Board authorizing the issuance of the Bonds. The County will bear no responsibility for the acquisition, construction or installation of the project, or any part thereof.

Section 12. Officers of the District Board and District officials and staff, their authorized deputies and designees, are hereby authorized and directed, jointly and severally, to do any and all things and to execute and deliver any and all documents which they may deem necessary or advisable in order to proceed with the issuance of the Bonds and otherwise carry out, give effect to and comply with the terms and intent of this Resolution. Such actions as may have heretofore been taken by such officers, officials and staff are hereby ratified, confirmed and approved.

Section 13. This Resolution shall take effect immediately upon its adoption.

RECOMMENDATION NO. 21 LONG RANGE MASTER PLAN PROCESS FOR THE BUNDY CAMPUS

It is recommended that the Board of Trustees direct staff regarding site options for the continuation of the Long Range Master Plan process for the Bundy Campus at 3171 Bundy Drive. The process shall include campus workshops and input from the public.

Comment: The Board has previously approved the renovation of the existing four-story building on the Bundy campus into a community college facility and has also approved associated site improvements. The primary access to the site has historically been by means of a roadway east of the 3200 Airport Avenue Building that runs south from Airport Avenue. Both the City of Santa Monica and the College desire to move this roadway about 300 feet south (to the other side of the 3200 Building) to align with Donald Douglas Loop South.

The City may wish to impose limitations on the use of this new accessway, and has asked the College to provide information about the long-range plans for the campus in order to inform itself on the matter. A Board-initiated Long-Range Master Plan process for the Bundy campus is underway. Staff is recommending a preferred site option based on an assessment of educational need, community priorities, Airport Commission concerns related to traffic impacts on Airport operations, and Sunset Park and Mar Vista neighborhood concerns.

The recommended long-range site option provides for 689 parking spaces (current is 609 and the prior use was 550); the same building square footage as currently exists (approximately 96,000 square feet; the prior use included 200,000 square feet); a phased transition from a site that currently provides surplus parking for the College as a whole to a site that operates primarily as a stand-alone facility (similar to the Academy campus); a long-range monitoring program on the part of both the City and the College to provide for public comment and review; and limited restrictions on the accessway as determined from circulation studies.

As the immediate use of the site is critical to College programs and its financial stability, the site is opening this summer with pedestrian access only from Airport Avenue as approved by the City Council. Efforts are underway to provide interim arrangements for the Fall semester and to have permanent arrangements in place to coincide with the start of construction for Airport Park and the dislocation of the College Shuttle.

RECOMMENDATION NO. 22 CORSAIR FIELD RENOVATION
PULLED (No action taken)

It is recommended that the Board of Trustees approve the following agreements related to the renovation of Corsair Field.

- A. Amendment to Agreement for Architectural Services
Amend the agreement with CALDWELL ARCHITECTS for architectural services associated with the Corsair Field Renovation project for an amount not to exceed 9% of the cost of construction plus reimbursable expenses.

Comment: This agreement provides for the planning, design and construction administration for the renovation of Corsair Field to include a new all purpose synthetic turf field for expanded college and community use. This amendment expands the scope of work for this project to include underground parking below the renovated field.

- B. Agreement for Environmental Consulting Services
Agreement with CHRISTOPHER A. JOSEPH & ASSOCIATES to prepare an Environmental Impact Report on the Corsair Field Renovation project for an amount not to exceed \$107,510 plus reimbursable expenses.

Comment: This agreement provides all necessary environmental consulting services in the preparation of an environmental impact report for the renovation of Corsair Field and related underground parking. This firm has participated in other major projects with the District.

- C. Agreement for Traffic Consulting Services
Agreement with KAKU ASSOCIATES for traffic consulting services related to the Corsair Field Renovation project for an amount not to exceed \$60,000 plus reimbursable expenses.

Comment: This agreement provides all necessary traffic consulting services in the preparation of a traffic study for the renovation of Corsair Field and related underground parking. This firm has participated in other major projects with the District.

Funding Source: Measure S, U

Comment: In January, the Board of Trustees approved a project to convert Corsair Field to an all-weather surface and to a configuration suitable for NCAA-regulation soccer play. Artificial surfaces provide significant increases in field availability; as a result, Corsair Field will provide field time for SMC women's soccer and about

another 35 hours a week availability for community sports programs. The need to fast-track the project no longer exists, as the Airport Park project will be completed in the near future rather than be delayed to accommodate a College-proposed underground parking structure.

The College continues to experience the loss of about 270 parking spaces on the main campus, primarily from the effects of the Northridge earthquake and also from minor losses due to replacement building projects. Also, the College will experience new parking demands from the community use of Corsair Field. Already, community parking for use of the Santa Monica Swim Complex is currently insufficient when the College is in session. Also, the future Physical Education building renovation is intended to provide new community use facilities as well as improvements to College instructional facilities. The community use parking demand is estimated at about 120 parking spaces.

Providing parking under Corsair Field would relieve the community of these parking shortages. The underground parking potential for Corsair Field is estimated at about 525 parking spaces, providing a net increase of 135 new spaces to partially offset recent expansions of preferential parking.

This underground parking is anticipated to be primarily for public, faculty, and staff use, in order to reduce trip congestion, and would connect to Parking Structure C and the 17th Street parking courtyard. The project will also include streetscape improvements on 16th Street and Pearl Street.

A traffic circulation study will be prepared in order to guide the planning of this project. Also, the project will include a full Environmental Impact Review (EIR).

The project would require the temporary relocation of men's football and other field activities related to College physical education classes. The District has met with Santa Monica-Malibu Unified School District Superintendent John Deasy to propose College-funded capital improvements to the John Adams Middle School playing fields and to the Lincoln Middle School playing field in order to increase capacity and thereby provide a temporary replacement for College activities. Mr. Deasy has encouraged the further exploration of this proposal in order to understand its timing and scheduling effects. If things work out, the College and the SMMUSD could then form a Joint Powers Authority for the purpose of constructing field improvements at one or both of the middle schools.

BOARD OF TRUSTEES	ACTION
Santa Monica Community College District	July 6, 2005

BOARD POLICY

RECOMMENDATION NO. 25

SECOND READING AND APPROVAL - PROPOSED
BOARD POLICY SECTION 2190 - COPYRIGHT

It is recommended that the Board of Trustees conduct a second reading and approve a proposed Board Policy Section 2190, Copyright. The proposed Board Policy was developed by an ad hoc Academic Senate joint committee and approved by the Academic Senate. The policy is in compliance with state and federal laws.

BP 2190 Copyright

Santa Monica College requires that all college personnel and students adhere to the provisions of the United States Copyright Law (Title 17, United States Code) and amendments; the Technology, Education, and Copyright Harmonization (TEACH) Act of 2002; and the Digital Millennium Copyright Act of 1998. These laws apply to anyone at the College who wants to reproduce, alter, perform or post online works that are protected by copyright. Examples of these works include printed materials, sound recordings, video recordings, visual art, computer software, and multimedia.

The District shall inform and educate faculty and staff about their rights and responsibilities regarding the use of copyrighted materials.
